Gil Posada and San Jose Firefighters L230,

This year marks our 32<sup>nd</sup> year of the Northern California Junior Sports Camp for youth ages 5-21 with a physical disability. By far their favorite day is the Lake Day. Twenty Seven campers were able to enjoy tubing, boating, jet ski rides and a yummy BBQ dinner to close out an amazing day. None of this would be possible without all of the dedicated volunteers from L230 and your coordination Gil. This long standing partnership of 12 plus years between FWWAA, San Jose Fire and San Jose Parks and Rec serves as a tremendous benefit to the entire community. Your continued support is greatly appreciated and we look forward to working with you again next year!

Sincerely,

*Dominique Pacolba*
